Thank you to members who contributed to the association this last year. It is through your membership and other contributions that we are able to do some of the things that were of benefit to the association, students, graduates, and the school.

During the last year the Association has:

- Used volunteer (non-paid) alumni to do work of the association
- Prepared its' first quarterly newsletter to keep you informed
- Built an electronic database and continues to update it with alumni contact information
- Raised approximately \$5,000.00 through membership and fundraisers
- Started an alumni tradition with an annual alumni tailgater before each homecoming game
- Held 3 alumni events and have 2 planned during the summer

We are an active association, working to assist the school, students and alumni. Your money is not spent on frivolous items. Additional money will provide for the growth of the association, scholarships, and contributions to the school academic and athletic programs. We encourage you to give the most you can to help with our monumental efforts. Remember your contribution to the association is tax deductible.
